Dear **Mr. Dahler**,
Dear **Mrs. Will**,
Dear **Mr. Stuch**,
Dear **Teachers**,

Warm Greetings!

We are very happy to inform you that finally the toilets are now completed in the construction. These new facilities can surely help our students and parents especially when we have activities in our future multi-purpose ground and extension building.

We are so thankful for your huge support to realize our project. Without your donation, we could not construct such costly toilets.

The teachers, students and parents would like to extend their thanks for your help to us. They are sending thank-you cards for your effort to raise the considerable amount of money for us.

We always include you in our prayers.

Thank you very much.

God bless.

Very sincerely,

Gilberto F. Magallon, M.D.
